To whom it may concern:

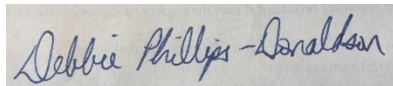

Subject: Declaration of Participation in Image Project

As editor-in-chief of Petfood Industry Magazine, I hereby declare that I visited Brazil in 2014 for a period of one week, a trip facilitated and organized by Martina Campos, the legal representative of Motirõ Projects Ltda. During this time, I had the opportunity to explore the Brazilian pet market, as well as the industries and retail companies that make up the Brazilian pet supply chain. All communication and logistics for this project were coordinated and led by Ms. Campos.

Motirõ Projects Ltda, under the leadership of Ms. Campos, demonstrated dedication, innovation and effect project management throughout the project, making a significant contribution to its success. This collaboration resulted in an exclusive feature in our magazine about the Brazilian pet market.

By means of this letter, I, as a representative of Petfood Industry, confirm our participation in the mentioned project, attesting to its competence and contributions to its successful execution.

Sincerely,

A handwritten signature in blue ink that reads "Debbie Phillips-Donaldson".
